## Dear Sponsor,

Season's Greetings from D.R. Congo!

This year brought unexpected challenges all across the world. We are so thankful for your unwavering support.

Over the past year, you've helped provide clean water to more than 125,000 people, teach 22,000 mothers how to protect their children from infectious diseases, and empower 30,000 people to join local savings groups to lift their families from poverty. Next year, we'll continue to focus on the needs of the most vulnerable.

From all of the children and families, our staff and volunteers, Merry Christmas and Happy New Year!

Anne-Marie Connor

National Director, World Vision D.R. Congo

### A festive greeting from D.R. Congo:

In Lingala, which is one of the four  
national languages spoken here,  
we say "Bonana", which means  
"Happy New Year!"

**Thank you for caring  
for your sponsored  
child, their family  
and community.**

This card celebrates the art of many children  
in your sponsored child's region. We hope you  
love their creativity!

Children enjoy writing festive messages to  
sponsors, but they were unable to this year  
because of COVID-19 restrictions in the  
community while this card was being created.
